Carroll County Agricultural Education Center
900 Newnan Road, Carrollton, GA

It is recommended that two generations from
your family attend this meeting.

REGISTRATION IS REQUIRED

To register call 770-749-0444 or your local Farm Bureau
office prior to September 8, 2010.

Your Farm is Your Family Heritage:

Have you planned for its future?

If you own and care for farm or forestland, you have probably invested time, energy, and financial resources to make it the best it can be. Not many people dedicate themselves to a lifestyle and business that has deeper roots in the family and creates a legacy for future generations. A big part of preserving this legacy is planning for the transition of your farm to successors. Keeping a family farm intact not only preserves the family heritage, but keeps valuable land in production.

This short workshop is an introduction to the topic of farm succession—or passing on the family farm to the next generation. If you ever wondered how to get started, this is a good time to learn!

Attendees will receive a workbook to help you get started.

This project is a statewide initiative of the following partners:

GA RC&D Councils
GA Department of Natural Resources
USDA, Farm Service Agency
USDA, Natural Resources Conservation Service
GA Farm Bureau
GA Forestry Commission

GA Agricultural Land Trust
GA Soil & Water Conservation Commission
Georgia Organics
